Grande Cache : the People - Sharlow, Jo - 1999
Grande Cache : the People - Sharlow, Jo - 1999

The Prairie West: Historical Readings - R. Douglas Francis - 1992
The Prairie West: Historical Readings is a collection of thirty-five articles on Canadian prairie history written by Canada's leading historians, political scientists and economists. This newly expanded and revised edition of The Prairie West will continue to provide a selection of articles, which present both overview interpretation and current research, for use by scholars and students of prairie Canada. The articles are divided into fifteen topics--Interpretations and Historiography; Native People and the Fur Trade; The Métis, The Red River Colony and Canada; The West and Confederation; Indian Treaties and the Establishment of Canadian Law and Order; The Economics of Settlement; Ethnic Groups and Prairie Society; The Settlement Experience and the Creation of Prairie Institutions; Prairie Women; Rural and Agricultural Society of Prairie Canada; Urban Society and Labour in Prairie Canada; Agrarian Reform/Revo

Iroquois in the West - Jean Barman - 2019-03-04
Two centuries ago, many hundreds of Iroquois – principally from what is now Kahnawà:ke - left home without leaving behind their ways of life. Recruited to man the large canoes that transported trade goods and animal pelts from and to Montreal, some Iroquois soon returned, while others were enticed ever further west by the rapidly expanding fur trade. Recounting stories of Indigenous self-determination and self-sufficiency, Iroquois in the West tracks four clusters of travellers across time, place, and generations: a band that settled in Montana, another ranging across the American West, others opting for British Columbia and the Pacific Northwest, and a group in Alberta who were evicted when their longtime home became Jasper National Park. Reclaiming slivers of Iroquois knowledge, anecdotes, and memories from the shadows of the past, Jean Barman draws on sources that range from descendants’ recollections to fur-trade and government records to travellers’ accounts. What becomes clear is that, no matter the places or the circumstances, the Iroquois never abandoned their senses of self. Opening up new ways of thinking about Indigenous peoples through time, Iroquois in the West shares the fascinating adventures of a people who have waited over two hundred years to be heard.

Reflections on Native-newcomer Relations - James Rodger Miller - 2004-01-01
The twelve essays that make up Reflections on Native-Newcomer Relations illustrate the development in thought by one of Canada's leading scholars in the field of Native history - J.R. Miller. The collection, comprising pieces that were written over a period spanning nearly two decades, deals with the evolution of historical writing on First Nations and Métis, methodological issues in the writing of Native-newcomer history, policy matters including residential schools, and linkages between the study of Native-newcomer relations and academic governance and curricular matters. Half of the essays appear here in print for the first time, and all use archival, published, and oral history evidence to throw light on Native-Newcomer relations. Miller argues that the nature of the relationship between Native peoples and newcomers in Canada has varied over time, based on the reasons the two parties have had for interacting. The relationship deteriorates into attempts to control and coerce Natives during periods in which newcomers do not perceive them as directly useful, and it improves when the two parties have positive reasons for cooperation. Reflections on Native-Newcomer Relations opens up for discussion a series of issues in Native-newcomer history. It addresses all the trends in the discipline of the past two decades and never shies from showing their contradictions, as well as those in the author's own thinking as he matured as a scholar.

The Devil and Two - Stephen Stewart - 2020-10-26

Einstein showed us that time is an illusion, relative to one’s speed through
the true paradox of time: Time is measured backwards and, compelled inescapably by gravity to contract, time will end where it began—at the centre of the universe. Until then, we will dream of a brighter future.

The Devil and Two - Stephen Stewart - 2020-10-26

Einstein showed us that time is an illusion, relative to one’s speed through space, and speed, therefore time, is subject to the force of gravity. This is the true paradox of time: Time is measured backwards and, compelled inescapably by gravity to contract, time will end where it began—at the centre of the universe. Until then, we will dream of a brighter future.

Report of the Public Participation Program Grande Prairie - Grande Cache Area Environmental Planning Study - Drew Lamont - 1978

Presents public opinion relating to all areas of the environmental planning study to evaluate alternative roadway systems in the area from Grande Prairie to Grande Cache, Alberta.

Mountain Goats - Marco Festa-Bianchet - 2012-09-26

Mountain goats have been among the least studied of North American ungulates, leaving wildlife managers with little information on which to base harvest strategies or conservation plans. This book offers the first comprehensive assessment of the ecology and behavior of mountain goats, setting forth the results of a remarkable 16-year longitudinal study of more than 300 marked individuals in a population in Alberta, Canada. The authors’ thorough, long-term study allowed them to draw important conclusions about mountain goat ecology—including individual reproductive strategies, population dynamics, management and conservation of mountain goats. The book also draws on the rich literature on long-term monitoring of marked ungulates to explore similarities and differences between mountain goats and other species, particularly bighorn sheep and ibex. By monitoring a marked population over a long period of time, researchers were able to document changes in sex-age structure and identify factors driving population dynamics. Because it explores the links between individual life-history strategy and population dynamics in a natural setting, Mountain Goats will be an invaluable resource for wildlife managers, researchers in ecology and animal behavior, conservationists, population biologists, and anyone concerned with the ecology and management of natural populations, especially in alpine environments.

Alberta History: West Central Alberta; 13,000 years of Indian History, Pt.3a: 1840-1860 - Joachim Fromhold - 2015-02-21

A continuation of the Alberta History Series, Part 3a, 1840 - 1860. The period from 1840 to 1870 was a period of great changes in the human history of Alberta and among the Native people, with the transition from the traditional hunting/trapping/fur trade lifestyle to a Frontier Settlement culture. 1840-1860 saw both a continuing invasion of foreign aliens into the west, and the growth of the Indian culture into the Classical Plains Indian culture. Both influences were at work among the First Nations of central Alberta. On the one hand there was the growing classical Plains Indian lifestyle and regalia, and on the other hand a growing Frontier Settlement subsistence farming and increasing literacy and an expansion of the Cree culture to fill all the economic and commercial niches offered by a frontier society. 690 pages.

Alberta History: THE OLD NORTH TRAIL (Cree Trail), 15,000 Years of Indian History: 1850-1870 Part 1 - Joachim Fromhold - 2015-02-21

A continuation of the history of the Old North Trail (New Mexico to Northwest Territories) for the period 1850-1870 (Part 1, 1850-1860), two decades of great change for the Indian Nations of the Canadian west. While this ushered in the high point of adaptation of Native society to the Anglo-European culture, it also set the stage for the Anglo dispossession of their lands, properties and rights and the marginalization which continues to this day.

Rocky Mountain Kids - Linda Goyette - 2011-02-01

With careful research and imagination, author Linda Goyette has created a collection of 25 stories based on the true stories of named children of the past and present. Too often the youngest Canadians are erased from our historical memory. Rocky Mountain Kids provides first-person creative non-fiction narratives from the region’s children, many of whom went on to be influential adults. In the style of its successful predecessor, Kidmonton, these are lively and entertaining stories, but they don’t flinch in their description of hardship and heroism. Balanced and well-researched, Goyette writes of First Nations, Métis, immigrant and settler children as well as contemporary kids of the Rockies, with informative postscript to help readers distinguish between the fact and the fiction. Against the timeless backdrop of the Rockies, we can all embrace a sense of childhood wonder. Please visit www.courageouskids.ca for more information on the whole Courageous Kids series.

and Native sources to explore and explain the controversial issues facing Canadian Natives today. In five sections this book covers topics such as Native identity, self-government, treaties, attitudes to land and ownership, and assimilation. Miller acknowledges the fact that there are no easy solutions, but argues that greater understanding is the foundation for building successful relations between Natives and non-Natives in Canada.

**Métis in Canada - Christopher Adams - 2013-08-14**

These twelve essays constitute a groundbreaking volume of new work prepared by leading scholars in the fields of history, anthropology, constitutional law, political science, and sociology, who identify the many facets of what it means to be Métis in Canada today. After the Powley decision in 2003, Métis peoples were no longer conceptually limited to the historical boundaries of the fur trade in Canada. Key ideas explored in this collection include identity, rights, and issues of governance, politics, and economics. The book will be of great interest to scholars in political science and native studies, the legal community, public administrators, government policy advisors, and people seeking to better understand the Métis past and present. Contributors: Christopher Adams, Gloria Jane Bell, Glen Campbell, Gregg Dahl, Janique Dubois, Tom Flanagan, Lian J. Haggarty, Laura-Lee Kearns, Darren O'Toole, Jeremy Patzer, Ian Peach, Siomonn P. Pulla, Kelly L. Saunders.

**Lethal Legacy - J.R. Miller - 2016-12-06**

Canadians greeted the disruptions in Native-newcomer relations that occasionally erupted during the 1990s with incomprehension. Politicians, journalists, and ordinary citizens understood neither how nor why the crisis of the moment had arisen, much less how its deep historical roots made it resistant to solutions. J.R. Miller believes that it takes a historical understanding of public policy affecting Canadian Natives to truly comprehend the issues and their ramifications. An expert on indigenous-newcomer relations, Miller uses his extensive research from conventional
Recollecting is a rich collection of essays that illuminate the lives of late-eighth-century to mid-twentieth-century Aboriginal women, who have been overlooked in sweeping narratives of the history of the West. Some essays focus on individual women—a trader, a performer, a non-human woman. Other essays examine cohorts of women—wives, midwives, seamstresses, nuns. Authors look beyond the documentary record and standard representations of women, drawing also on records generated by the women themselves, including their beadwork, other material culture, and oral histories. Exploring the constraints and boundaries these women encountered, the authors engage with difficult and important questions of gender, race, and identity. Collectively these essays demonstrate the complexity of "contact zone" interactions, and they enrich and challenge dominant narratives about histories of the Canadian Northwest.

Western Canadian People in the Past 1600-1900 D-G - Joachim Fromhold - 2010-08-14
The only existant listing of historic Fur Trade and aboriginal personages with births, deaths and affiliations for western Canada and adjacent areas from 1600-1900.

Identification and Registration of Indian and Inuit People - 1993
Identification and Registration of Indian and Inuit People - 1993
In the pre-reserve era, Aboriginal bands in the northern plains were relatively small multicultural communities that actively maintained fluid and inclusive membership through traditional kinship practices. These practices were governed by the Law of the People as described in the traditional stories of Wîsashkêcâhk, or Elder Brother, that outlined social interaction, marriage, adoption, and kinship roles and responsibilities. In Elder Brother and the Law of the People, Robert Innes offers a detailed analysis of the role of Elder Brother stories in historical and contemporary kinship practices in Cowessess First Nation, located in southeastern Saskatchewan. He reveals how these tradition-inspired practices act to undermine legal and scholarly definitions of “Indian” and counter the perception that First Nations people have internalized such classifications. He presents Cowessess’s successful negotiation of the 1996 Treaty Land Agreement and their high inclusion rate of new “Bill-C31s” as evidence of the persistence of historical kinship values and their continuing role as the central unifying factor for band membership. Elder Brother and the Law of the People presents an entirely new way of viewing Aboriginal cultural identity on the northern plains.

Contemporary Cases in Sport - Alan Fyall - 2013-03-31
Examine 12 international cases under the sections of policy and politics, impacts and legacy, and identity and experiences. Cases include: economics, corporate social responsibility, leveraging benefits, resident impacts of sports events, sport and visitor behaviour and nostalgia, and more.
