**Victorian era - Wikipedia**

In the history of the United Kingdom, the Victorian era was the period of Queen Victoria's reign, from 20 June 1837 until her death on 22 January 1901. The era followed the Georgian period and preceded the Edwardian period, and its later half overlaps with ...

**An Introduction to Victorian England | English Heritage**

EMPIRE. The idea that Britain's foreign policy during the period was one of isolation is often misunderstood or overestimated. As the empire expanded, British soldiers in fact fought wars in almost every year of Victoria’s reign. The empire over which the sun never set consisted not only of the colonies of conquest and settlement – with India the jewel in the imperial crown –

During the 19th century, London grew enormously to become a global city of immense importance. It was the largest city in the world from about 1825, the world's largest port, and the heart of international finance and trade. Railways connecting London to the rest of Britain, as well as the London Underground, were built, as were roads, a modern sewer system and many famous sites.
