**Prayer in John's Farewell Discourse** - Scott Adams - 2020-03-12

It was reported that a doctoral student at Princeton once asked Albert Einstein, “What is there left in the world for original dissertation research?” He replied by saying, “Find out about prayer. Somebody must find out about prayer.” Since Einstein’s day, a great deal has been written on the topic of prayer in general. However, relatively little has been written about prayer in John’s Farewell Discourse in particular. Therefore, this analysis not only seeks to understand the relationship between Johannine and Jewish, Greco-Roman, and Christian prayer traditions, but also seeks to discern the unique function and application of prayer as it is prescribed in the Farewell Discourse.

Preaching the Farewell Discourse - L. Scott Kellum - 2014-04-01
Through the lens of John the Apostle's Farewell Discourse found in John 13:31 - 17:26, seminary professor L. Scott Kellum provides a step-by-step illustration of how to produce an expository sermon series in Preaching the Farewell Discourse. Kellum begins with foundational tools that will aid the journey from text to exposition and then describes how to employ discourse analysis to a hortatory passage (like the Farewell Discourse) or an expository passage. In the latter part of the book Kellum applies the theory to the Farewell Discourse of John's Gospel, examining the process in three sections: analyzing the text, interpreting the text, and preaching the text.

The publication of the King James version of the Bible, translated between 1603 and 1611, coincided with an extraordinary flowering of English literature and is universally acknowledged as the greatest influence on English-language literature in history. Now, world-class literary writers introduce the book of the King James Bible in a series of beautifully designed, small-format volumes. The introducers' passionate, provocative, and personal engagements with the spirituality and the language of the text make the Bible come alive as a stunning work of literature and remind us of its overwhelming contemporary relevance.

The Gospel written by the Beloved Disciple St. Augustine once said about the Gospel of John, that, "It is shallow enough for a child not to drown, yet deep enough for an elephant to swim in it."

John contains the Bible's favorite verse - John 3:16.

John's themes are essential to our understanding of Jesus as Son of God and Messiah. Here we learn about the Holy Spirit, the Counselor who lives within us to guide and empower us. We learn about the Father's love and eternal life. Some of the most beloved stories of Jesus' ministry are found only in the Fourth Gospel -- changing the water into wine, the woman at the well, the woman taken in adultery, raising Lazarus, washing the disciples' feet, and many more. In John's Gospel you find Jesus as the Bread of Life; the Light of the World; the Good Shepherd; the Way, the Truth, and the Life. John's Gospel is lengthy - 21 chapters, but rich and deep. Each chapter concludes with a summary of lessons for disciples to ponder. This study's helpful thought and discussion questions make it useful for personal enrichment and by small groups and classes. Extensive research contained in the footnotes makes it a goldmine for teachers and a boon to preachers involved in sermon preparation.

the first President’s Farewell Address, a still-relevant warning against partisan politics and foreign entanglements. George Washington’s Farewell Address was a prophetic letter he wrote to his fellow citizens and signed from a “parting friend,” addressing the forces he feared could destroy our democracy: hyper-partisanship, excessive debt, and foreign wars. In it, Washington called for unity among “citizens by birth or choice,” advocated moderation, defended religious pluralism, proposed a foreign policy of independence (not isolation), and proposed that education is essential to democracy. He established the precedent for the peaceful transfer of power. Washington’s urgent message was adopted by Jefferson after years of opposition and quoted by Lincoln in defense of the Union. **Jesus and His Friends** - D. A. Carson - 1986

The earliest of the four Gospels, the book portrays Jesus as an enigmatic figure, struggling with enemies, his inner and external demons, and with his devoted but disconcerted disciples. Unlike other gospels, his parables are obscure, to be explained secretly to his followers. With an introduction by Nick Cave

**The Unity of the Farewell Discourse** - L. Scott Kellum - 2004-10-18
The book is, primarily, a linguistic investigation into the possibility that the Johannine farewell discourse is the product of multiple hands. L. Scott Kellum uses the latest linguistic tools and applies them to the very old question of unity. In doing so, he accesses a large portion of
Continental scholarship that is currently unavailable to English speakers. He concludes, on linguistic and literary grounds, that John 13:31-16:33 (the so-called farewell discourse) was written by one man at, essentially, one time.

**John and Philosophy** - Troels Engberg-Pedersen - 2017-02-09

Reading of the Fourth Gospel offers a Stoic reading of the Fourth Gospel, especially its cosmology, epistemology, and ethics. It works through the gospel in narrative sequence providing a "philosophical narrative reading." In each section of the gospel Troels Engberg-Pedersen raises discusses philosophical questions. He compares John with Paul (in philosophy) and Mark (in narrative) to offer a new reading of the transmitted text of the Fourth Gospel. Of these two profiles, the narrative one is strongly influenced by the literary critical paradigm. Moreover, by attending carefully to a number of narratological features, one may come to see that the transmitted text in fact hangs together much more coherently than scholarship has been willing to see. The other profile is specifically philosophical. Scholarship has been well aware that the Fourth Gospel has what one might call a philosophical dimension. Engberg-Pedersen shows that throughout the Gospel
the narrative one is strongly better to illuminate the text. This pertains to the basic cosmology (and cosmogony) that is reflected in the text, to the epistemology that underlies a central theme in it regarding different types of belief in Jesus, to the ethics that is introduced fairly late in the text when Jesus describes how the disciples should live once he has himself gone away from them, and more.

**A Graeco-Roman Rhetorical Reading of the Farewell Discourse** - John C.
This title gives a thorough analysis of The Farewell Discourse (John 13-17), which is a unique and climactic portion of John's Gospel that serves as a hinge on which the entire Gospel narrative pivots from Jesus' public ministry to his Passion. Jesus is presented by the evangelist, with his words and actions, defining and modeling what his disciples are to be in their own soon-approaching ministry to the community of believers and to the world. He is shown giving persuasive words of comfort, encouragement, instruction, and motivation to his disciples as he prepares them to continue his mission after his departure.

John's Wisdom
Ben Witherington - 1995-01-01
Jesus as depicted in the Fourth Gospel is remarkably dissimilar to the Jesus found in the synoptic gospels. In this book, Witherington places the Gospel of John within its proper literary, historical, social and theological contexts. What emerges is a compelling argument that the Gospel of John has an agenda for mission, in addition to concerns for discipleship and community life.

**The Great Controversy** - Tom de Bruin - 2014-12-10

The Testaments of the Twelve Patriarchs (T12P), one of the longest texts of the so-called “Old Testament Pseudepigrapha,” presents the fictitious farewell speeches that the twelve sons of Jacob held on their respective deathbeds. Tom de Bruin examines these twelve monologues as literary products in order to understand the function of the text for the setting in which it was composed. He approaches T12P from three directions: an analysis of the paraenetic parts, a discussion of the anthropology, and a comparative examination of other contemporaneous works documenting a world-view similar to T12P. These three approaches merge into a reasoning behind the admonition in T12P, and identifies the fundamental message of the text, namely that each person stands between the forces of good and evil and that this person is called to constantly decide which way to follow. Though T12P is still familiar with the apocalyptic origin and plays with the cosmological implications of this 'great controversy', the text clearly puts the emphasis on the battle inside each individual. It is thereby an important witness for reinterpreting and reapplying apocalyptic traditions through ethicizing them and focusing on the individual. Such an individualistic application of the 'great controversy' theme can be found in a number of other (mostly Christian) works, revealing a similar understanding of mankind’s existence and development as in T12P. The analysis of the ethical reappropriation of apocalyptic traditions in T12P provides important insights into the foundations of early Christian ethics, ancient

Jesus' "Farewell Discourse"  
John Stange - 2017-03-10  
What would you say to your friends and family if you knew for a fact that your time on earth was coming to a close? Is there something you would want them to know? Would you want to leave them with a word of encouragement? Is there something you might want to confess to them? Would you want to assure them of your love? When we read the gospels, it becomes clear that Jesus knew the time had come for Him to be crucified. He knew His time with His disciples was coming to a close. They didn't seem to realize it, and even acted dismissively toward Jesus when He tried to explain that His time to leave this earth was quickly approaching. But Jesus used the remaining time He had with them to communicate some additional words of truth and deep insights into His nature and plan for His followers. Much of what Jesus said to His disciples during this period of time is recorded in chapters 13-17 of the Gospel of John. Some refer to this section as because these were His final teaching moments with His disciples before He was crucified. In our context, we might call this His "last lecture." At this point in His ministry, Jesus has been rejected by the majority of the Jewish people and He turns His attention primarily toward His community of believers. He counsels them and explains that He will be arrested, crucified, buried, and then rise from death. They had a hard time accepting this teaching, but everything transpired just as Jesus said it would. We also know that after His resurrection, Jesus appeared to hundreds of people in His resurrected state and then commissioned His disciples before returning to Heaven. What was the substance of what Jesus taught His followers in the days before this all took place? What did He use those moments to communicate? Why did He want His disciples to know this information and why was it passed along to us? In the coming chapters, we'll be
disciples during this period of

**Abide and Go** - Michael J. Gorman - 2018-07-26

Abide and Go seem to be both the “spiritual Gospel” and a Gospel that promotes Christian mission. Some interpreters, however, have found John to be the product of a sectarian community that promotes a very narrow view of Christian mission and advocates neither love of neighbor nor love of enemy. In this book for both the academy and the church, Michael Gorman argues that John has a profound spirituality that is robustly missional, and that it can be summarized in the paradoxical phrase “Abide and go,” from John 15. Disciples participate in the divine love and life, and therefore in the life-giving mission of God manifested in the ministry, death, and resurrection of Jesus. As God’s children, disciples become more and more like this missional God as they become like his Son by the work of the Spirit. This spirituality, argues Gorman, can be called missional theosis.

Farewell, Titanic - Charles Pellegrino - 2012-03-06

On the 100th anniversary of the Titanic's sinking, a prominent Titanic researcher offers a final chance to see the ship before it disappears forever. The Titanic was the biggest, most luxurious passenger ship the world had ever seen; the ads proclaimed it to be unsinkable. When it sank in April 1912 after hitting an iceberg, killing more than 1,500 people, the world was forever changed and the public has been spellbound ever since. Now, a century later, the Titanic is about to disappear again: its infrastructure is set to collapse in the next few years. In this book, scientist Charles Pellegrino offers what may be the last opportunity to see the ship before it is lost to the seas for eternity. The last book to be written while survivors were still alive and able to contribute details, Farewell, Titanic includes many untold stories about the sinking and exploration of the unsinkable ship. Author Charles Pellegrino provided source material for James Cameron's Oscar-winning Titanic film, which is being re-released in 3D at the same time as the book. Includes 16 pages of never-before-published full-color photographs of the sunken vessel. Includes all-new information about the Titanic research that has been carried out in the last decade. Written by a New York Times bestselling author who participated in the post-discovery analysis of the Titanic's remains during the expedition that immediately followed Robert Ballard's Titanic discovery in 1985.

through the current administration, the authors contend that many of these rhetorical acts extend over time: George W. Bush’s post-September 11 statements, for example, culminated in a speech at the National Cathedral and became a touchstone for his subsequent address to Congress. For two centuries, presidential discourse has both succeeded brilliantly and failed miserably at satisfying the demands of audience, occasion, and institution—and in the process, it has increased and depleted political capital by enhancing presidential authority or ceding it to the other branches. Illuminating the reasons behind each outcome, Campbell and Jamieson draw an authoritative picture of how presidents have used rhetoric to shape the presidency—and how they continue to re-create it.

It can no longer be assumed that most people--or even most Christians--have a basic understanding of the Bible. Many don't know the difference between the Old and New Testament, and even the more well-known biblical figures are often misunderstood. It is getting harder to talk about Jesus accurately and compellingly because listeners have no proper context with which to understand God's story of redemption. In this basic introduction to faith, D. A. Carson takes seekers, new Christians, and small groups through the big story of Scripture. He helps readers to know what they believe and why they believe it. The companion leader's guide helps evangelistic study groups, small groups, and Sunday school classes make the best use of this book in group settings.
